

ENTERPRISE INFORMATION TECHNOLOGY OUTSOURCING AGREEMENT

between

NORTHGATE GENERAL INSURANCE COMPANY LIMITED (?Customer?)

and

MERIDIAN IT SERVICES PRIVATE LIMITED (?Supplier?)

This Enterprise Information Technology Outsourcing Agreement (the ?Agreement?) is made on 1 April 2026 between Northgate General Insurance Company Limited, a public company registered under the companies law with its registered office at 42 Ridgeway House, Fort District, Mumbai 400001 (the ?Customer?), and Meridian IT Services Private Limited, a private company with its registered office at Tower B, Salcon Aurelia, Outer Ring Road, Bengaluru 560103 (the ?Supplier?).

WHEREAS:

(A) The Customer operates general insurance businesses across India and relies on a portfolio of information technology systems supporting policy administration, claims, distribution and finance (the ?Customer Environment?).

(B) The Customer wishes to outsource to the Supplier the operation, support and enhancement of identified parts of the Customer Environment, and the Supplier represents that it has the capability, personnel and infrastructure to provide those services.

(C) The Parties wish to record the terms on which the Supplier will provide the Services.

NOW IT IS AGREED as follows:

1. DEFINITIONS AND INTERPRETATION

1.1 In this Agreement the following meanings apply:

"Agreement" means this master services agreement, including all Schedules and Exhibits.

"Affiliate" means of a party, any entity controlling, controlled by, or under common control with that party.

"Applicable Law" means all statutes, regulations, notifications and binding directions of any competent authority applicable to a party.

"Business Day" means any day other than a Saturday, Sunday or public holiday at the location where the affected Services are performed.

"Business Continuity Plan" means the documented arrangements described in Schedule 3 for continuing critical Services during a disruption.

"Charges" means the fees and charges set out in Schedule 2 (Rate Card), as adjusted under Clause 7.

"Confidential Information" means any non-public information disclosed by or on behalf of a party, in any form, designated confidential or that a reasonable recipient would treat as confidential.

"Data Protection Law" means the Digital Personal Data Protection Act, 2023 and any successor or supplementary data protection legislation applicable to the Services.

"Deliverable" means each item of work product to be provided by the Supplier as specified in an SOW or this Agreement.

"Dispute Notice" means a written notice issued under Clause 19.1 identifying a dispute and the outcome sought.

"Effective Date" means 1 April 2026.

"Escalation Matrix" means the escalation contacts and timeframes set out in Schedule 4.

"Exit Date" means the date on which this Agreement terminates or expires for any reason.

"Exit Plan" means the transition-out plan required by Clause 15.

"Force Majeure Event" means an event beyond a party's reasonable control including war, terrorism, civil unrest, epidemic, earthquake, flood, and wide-area utility or internet failures.

"Good Industry Practice" means practices, standards and procedures that a reasonably skilled and prudent service provider in the information technology outsourcing industry would follow.

"Governmental Authority" means any national, state or local government, regulatory or administrative agency, or any court or tribunal.

"Intellectual Property Rights" means patents, utility models, rights in inventions, copyright and neighbouring rights, trademarks, business names, domain names, goodwill, database rights, and all other similar rights, in each case whether registered or unregistered.

"Key Personnel" means the individuals named in Clause 8.1 whose replacement requires the Customer's consent.

"Losses" means losses, liabilities, damages, costs and expenses, including reasonable professional fees.

"Major Outage" means unavailability of a Critical Service for more than four continuous hours in any calendar day, excluding Excluded Downtime.

"Material Breach" means a breach which, having regard to its nature and consequences, substantially deprives a party of what it entered into this Agreement to obtain.

"Party" means Northgate or Meridian, and Parties means both of them.

"Personal Data" means any data relating to an identified or identifiable natural person processed in connection with the Services.

"Rates" means the time-and-materials rates in Schedule 2.

"Security Incident" means any unauthorised access to, or disclosure, loss or destruction of, Customer Systems or Personal Data.

"Service Credit" means a credit against Charges calculated under Schedule 1 for a failure to meet a Service Level.

"Service Levels" means the measurable performance standards for the Services set out in Schedule 1.

"Services" means the application management, infrastructure operations, service-desk and related services to be performed by Meridian under this Agreement and each SOW.

"SLA Measurement Period" means each calendar month during the Term, unless an SOW specifies a different period.

"Statement of Work / SOW" means a statement of work executed by the Parties substantially in the form of Exhibit A.

"Subcontractor" means any third party engaged by Meridian to perform any part of the Services.

"Supplier Personnel" means Meridian's employees and individual contractors engaged in performing the Services.

"Systems" means all hardware, software, networks and middleware used to provide or receive the Services.

"Term" means the term of this Agreement as defined in Clause 14.1.

"Transition Plan" means the plan for transitioning the Services from incumbent providers, attached as Schedule 3.

"Volume Threshold" means the transaction volumes stated in Schedule 2 above which additional Charges apply.

"Work Product" means all documents, code, configurations and other materials created by Meridian specifically for Northgate in performing the Services.

"Critical Service" means each Service identified as critical in Schedule 1.

"Excluded Downtime" means downtime caused by Customer Systems, Customer-caused faults, scheduled maintenance notified at least 5 Business Days ahead, or a Force Majeure Event.

"Change Request" means a written proposal under Clause 6 to change the Services, Charges or Service Levels.

"Benchmark" means the market benchmarking exercise described in Clause 7.4.

"Grievance Officer" means the individual appointed under Data Protection Law whose details appear in Schedule 5.

"Audit Report" means the annual controls report (SOC 2 Type II or ISO 27001 certificate with statement of applicability) delivered under Clause 9.6.

"Acceptance Criteria" means the criteria for accepting a Deliverable stated in the applicable SOW.

1.2 In this Agreement: (a) headings are for convenience only; (b) the singular includes the plural and vice versa; (c) references to Clauses and Schedules are to clauses of, and schedules to, this Agreement; (d) "including" means "including without limitation"; (e) references to any law include any amendment or re-enactment of it; and (f) where a conflict arises, the order of precedence is: this Agreement, then the Schedules, then each SOW, save that a Data Protection Annex prevails over all for data protection matters.

1.3 Each Schedule and each executed SOW forms part of this Agreement.

2. COMMENCEMENT AND SCOPE OF SERVICES

2.1 With effect from the Effective Date and subject to the terms of this Agreement, the Supplier shall provide the Services described in Schedule 6 (Service Catalogue) and in each SOW, in accordance with this Agreement, Good Industry Practice, the Transition Plan and all Applicable Law.

2.2 The Supplier shall perform the Services so that the Service Levels are met in each SLA Measurement Period. Meeting Service Levels is not of itself performance of the Services; it is a minimum standard.

2.3 The Services are delivered from the delivery centres named in Schedule 6. The Supplier shall not move a delivery centre outside India without the Customer's prior written consent, except that disaster-recovery failover may occur to the secondary centre named in Schedule 3 for the minimum period necessary.

2.4 The Supplier is responsible for the acts and omissions of the Supplier Personnel and Subcontractors as if they were its own. Nothing in this Agreement creates any right in any third party.

2.5 The Supplier shall manage the Services so that the Customer's business continuity objectives, stated in Schedule 3, continue to be met throughout the Term, and shall test the Business Continuity Plan at least annually and provide the test report within 10 Business Days of each test.

2.6 Where the Customer requests additional services reasonably within the scope of the Service Catalogue, the Parties shall negotiate in good faith an SOW or Change Request on the charging basis stated in Schedule 2. The Supplier shall not be obliged to accept, and shall not unreasonably refuse, any such request.

2.7 The Customer shall provide, at its cost, the items listed as Customer Responsibilities in Schedule 6, including timely decisions, access to the Customer Environment and nominated business contacts. The Supplier is not in breach to the extent a delay is caused by a Customer Responsibility default.

3. GOVERNANCE AND MANAGEMENT

3.1 The Parties shall operate the governance structure described in this Clause 3 throughout the Term.

3.2 An Operational Review shall be held fortnightly between the Supplier's service delivery manager and the Customer's IT operations lead, reviewing tickets, Service Level performance, risks and upcoming changes. Minutes shall be issued within 2 Business Days and are deemed accepted unless objected to within 5 Business Days.

3.3 A monthly Service Review shall be held between the Supplier's account director and the Customer's head of IT, reviewing SLA reports, Service Credits due, root-cause analyses for Major Outages, continuous-improvement actions and forward workload.

3.4 A quarterly Executive Review shall be held between the Supplier's delivery vice-president and the Customer's chief information officer, reviewing strategic plans, benchmarking outcomes, contract performance and the relationship health score.

3.5 Either party may convene an extraordinary governance meeting on 2 Business Days' notice to address a Major Outage, a dispute risk, or a Security Incident.

3.6 Each party shall nominate a contract manager as the single point of accountability for the administration of this Agreement; the initial nominees are stated in Schedule 5.

3.7 Where this Agreement requires approval, consent or agreement of a party, such approval shall not be unreasonably withheld or delayed, and a request shall be answered within 10 Business Days, failing which the requesting party may escalate under the Escalation Matrix.

4. SERVICE MANAGEMENT AND HELP DESK

4.1 The Supplier shall operate a service desk for the Services on a follow-the-sun basis from its Pune and Bengaluru centres, providing a single point of contact for incidents and service requests 24 hours a day, 7 days a week.

4.2 Every ticket shall be classified by priority (P1 critical, P2 high, P3 medium, P4 low) using the matrix in Schedule 1, acknowledged within the response times for its priority, and progressed to resolution or a documented workaround within the corresponding resolution targets.

4.3 The Supplier shall maintain a ticketing system providing the Customer read access to live and historical tickets, and shall produce monthly reports including volumes by priority, first-contact resolution rate, reopen rate and SLA attainment.

4.4 For each P1 incident, the Supplier shall: (a) notify the Customer within 30 minutes of classification; (b) establish a bridge and provide status updates every hour until resolution; and (c) deliver a root-cause analysis with corrective and preventive actions within 5 Business Days.

4.5 Problem management: recurring incidents of the same underlying cause on 3 or more occasions in any rolling 30-day period shall be raised as a problem record with an owner and a fix plan.

4.6 Changes to the Customer Environment within the Supplier's responsibility follow the change-management procedure in Schedule 3, with a weekly Change Advisory Board; emergency changes require retrospective approval within 2 Business Days.

4.7 The Supplier shall maintain configuration management data covering the in-scope configuration items, reconciled quarterly to a stated accuracy of at least 95 percent.

5. SUPPLIER PERSONNEL AND KEY PERSONNEL

5.1 The initial Key Personnel are: (a) the account director; (b) the service delivery manager for application operations; (c) the infrastructure operations manager; and (d) the information security officer for the account.

5.2 The Supplier shall not replace Key Personnel except for death, illness, resignation, dismissal for cause, promotion within the Supplier's organisation, or end of engagement, and in each case only with a successor of equal or better seniority and qualifications approved by the Customer, such approval not to be unreasonably withheld. The Supplier shall give at least 30 days' notice of any planned replacement and overlap the successor for at least 10 Business Days.

5.3 The Supplier shall maintain a skills matrix for the account and ensure each Supplier Personnel is appropriately trained, certified for the technologies stated in Schedule 6, and holds any clearance required under Applicable Law.

5.4 The Supplier shall not assign to the Services any individual who has been offered to the Customer for employment within the previous 6 months, or who is employed by the Customer, without the Customer's written consent.

5.5 The Customer may require the removal of any Supplier Personnel for misconduct, material security concerns or breach of confidentiality, stating reasons; the Supplier shall remove the individual within 5 Business Days and provide a suitable replacement.

5.6 The Supplier shall comply with all employment, social security, withholding and immigration laws in respect of Supplier Personnel, and shall indemnify the Customer against any claim by any individual that the Customer is their employer.

6. CHANGE MANAGEMENT OF THE AGREEMENT

6.1 Either party may propose a Change Request. Each Change Request shall state the change, the reason, the impact on Charges, Service Levels and the Term, and the proposed effective date.

6.2 The Supplier shall provide an impact assessment within 10 Business Days of receiving a Change Request, including a firm price for changes to SOW Deliverables and an estimate for other changes.

6.3 No Change Request takes effect until executed in writing by authorised signatories of both Parties.

Performed-but-unsigned changes are performed at the Supplier's risk.

6.4 If the Parties cannot agree the price of a Change Request within 20 Business Days, the parties shall escalate to the Executive Review; the dispute provisions in Clause 19 apply to any remaining disagreement.

6.5 Emergency changes required to restore a Critical Service may be implemented orally with written confirmation within 2 Business Days; the Parties shall then settle the charge basis promptly in accordance with Schedule 2.

7. CHARGES, INVOICING AND TAXES

7.1 The Customer shall pay the Charges. Fixed monthly charges are payable monthly in arrears; time-and-materials work is invoiced against approved timesheets in the Rates in Schedule 2; and consumption above any Volume Threshold is charged at the unit rates in Schedule 2.

7.2 The Supplier shall invoice on the first Business Day of each month for the preceding month, with supporting detail sufficient for the Customer to verify the invoice. Undisputed amounts are payable within 30 days of receipt of a correct invoice.

7.3 The Customer may withhold from payment any amount it disputes in good faith, giving written reasons within 15 days of invoice receipt; the Parties shall resolve the dispute promptly and the Customer shall pay any undisputed balance when due.

7.4 Late payment of undisputed amounts accrues interest at 1.25 percent per month or the maximum permitted by Applicable Law, whichever is lower.

7.5 Base fixed charges may be adjusted once per Contract Year on each anniversary of the Effective Date by the lower of (a) the percentage movement in the consumer price index for industrial workers over the prior year, and (b) 5 percent. All other charges change only by Change Request.

7.6 Benchmark: at the Customer's request not more than once in any 24-month period, an independent benchmark of the fixed charges against comparable Indian outsourcing arrangements shall be conducted by a firm agreed by the Parties. Where the benchmark shows the fixed charges exceed the market median by more than 5 percent, the Parties shall agree an adjustment to bring charges to the median; costs of the benchmark are shared equally unless the reduction exceeds 8 percent, in which case the Supplier bears them.

7.7 All Charges are exclusive of GST, which shall be added at the applicable rate. The Supplier is responsible for its employees' taxes and social contributions.

7.8 Service Credits due under Schedule 1 shall be applied against the next invoice after they are ascertained, and are the Customer's exclusive monetary remedy for Service Level failures, save where Clause 10.4 applies.

8. DATA PROTECTION AND SECURITY

8.1 Each Party shall comply with Data Protection Law in connection with this Agreement. The Parties record that the Customer is the data principal's business contact controller for Personal Data and the Supplier processes it only on the Customer's documented instructions.

8.2 The Supplier shall: (a) process Personal Data only to provide the Services; (b) implement technical and organisational measures no less protective than those in Schedule 5, including encryption in transit (TLS 1.2 or higher) and at rest (AES-256), role-based access with quarterly recertification, and centralised logging retained 12 months; (c) ensure Supplier Personnel are bound by confidentiality obligations; (d) not transfer Personal Data outside India without prior written consent or valid legal basis; (e) notify the Customer without undue delay and in any event within 24 hours of becoming aware of a Security Incident, providing cooperation, containment and remediation at its cost where the incident arises from its breach; and (f) on the Exit Date, return or securely destroy Personal Data and certify destruction within 30 days.

8.3 The Supplier shall appoint the Grievance Officer for account matters and display contact details in the services portal.

8.4 The Supplier shall undergo an annual third-party penetration test of the in-scope platforms and remediate critical findings within 15 days and high findings within 30 days, sharing the summary report with the Customer.

8.5 The Customer retains the right to audit the Supplier's compliance with this Clause 8 once per Contract Year on 20 Business Days' notice, in person or through an independent firm under confidentiality, and additionally after any Security Incident.

9. INTELLECTUAL PROPERTY AND LICENSES

9.1 All Intellectual Property Rights in the Work Product vest in the Customer on creation, and to the extent vesting requires an assignment the Supplier hereby assigns them. On the Customer's request the Supplier shall execute such further documents as are reasonably necessary to perfect the Customer's title.

9.2 The Supplier retains all Intellectual Property Rights in its pre-existing tools, frameworks, methodologies and generic know-how (the "Supplier Materials"). The Supplier grants the Customer a perpetual, irrevocable, worldwide, royalty-free, non-exclusive licence to use the Supplier Materials solely as embedded in or necessary to operate and maintain the Work Product.

9.3 The Supplier shall not incorporate third-party or open-source components into any Deliverable without disclosing them and their licences in writing; the Supplier warrants that no Deliverable is delivered under a licence that would oblige the Customer to disclose or license its own source code.

9.4 The Supplier indemnifies the Customer against any third-party claim that the receipt or use of the Services or Deliverables in accordance with this Agreement infringes any Indian or foreign patent, copyright, trademark or trade secret, and shall pay resulting Losses, provided the Customer notifies the Supplier promptly, grants the Supplier sole control of the defence and does not settle it without consent. If an injunction or claim prevents continued use, the Supplier shall at its cost procure the right to continue use, modify the item to be non-infringing, or replace it, and failing these, refund the fees paid for the affected item.

10. WARRANTIES AND LIMITATION OF LIABILITY

10.1 Each Party warrants that it has full power and authority to enter into and perform this Agreement.

10.2 The Supplier warrants that: (a) the Services will be performed with reasonable skill and care and in accordance with Good Industry Practice; (b) Deliverables will materially conform to their specifications and the Acceptance Criteria; (c) the Services and the Supplier's systems will comply with Applicable Law; and (d) it holds all registrations and licences required for its business.

10.3 Except as expressly stated, all conditions, warranties and terms implied by statute or common law are excluded to the fullest extent permitted by law.

10.4 Nothing in this Agreement excludes or limits liability for: death or personal injury caused by negligence; fraud or fraudulent misrepresentation; wilful misconduct; a Party's indemnity obligations; or breach of Clause 8 (Data Protection) or Clause 9 (Intellectual Property) or any liability that cannot lawfully be limited.

10.5 Subject to Clause 10.4, neither Party is liable for indirect, special, incidental or consequential loss, or for loss of profit, revenue, anticipated savings or goodwill, however arising.

10.6 Subject to Clause 10.4, each Party's total aggregate liability arising out of or in connection with this Agreement in any 12-month period is capped at an amount equal to the total Charges paid and payable in that 12-month period. The Supplier shall maintain professional indemnity and cyber insurance of at least Rs. 25 crore per claim with a reputable insurer and provide evidence on request.

10.7 The Customer's exclusive remedies for Service Level failures are Service Credits and the step-in right in Clause 10.8.

10.8 If a Major Outage affects a Critical Service on 3 or more occasions in any rolling 3-month period, the Customer may (in addition to Service Credits) require a remediation plan agreed within 10 Business Days; persistent failure (6 or more occasions in any rolling 6-month period) constitutes a Material Breach.

11. CONFIDENTIALITY

11.1 Each Party shall keep the other's Confidential Information secret, use it only to perform this Agreement, and protect it with at least the same care as its own confidential information and in no event less than reasonable care.

11.2 Permitted disclosures are those to: employees, officers, auditors and professional advisers of a Party who need to know and are bound by confidentiality; Subcontractors bound by terms no less protective; and a Governmental Authority where required by law, with (where lawful) prior notice to the other Party.

11.3 The obligation lasts during the Term and for 5 years after the Exit Date; for trade secrets and Personal Data it lasts for as long as the information retains protection under Applicable Law.

11.4 On request, each Party shall return or destroy the other's Confidential Information, save for one archival copy retained for legal compliance and copies in backup systems that are destroyed in the ordinary cycle.

11.5 Neither Party shall make any press release or public statement referring to the other Party or this Agreement without prior written consent, save as required by law or stock-exchange regulation.

12. TERM

12.1 This Agreement commences on the Effective Date and continues for 60 months (the "Initial Term"), renewing automatically for successive periods of 24 months (each a "Renewal Term") unless either Party gives written notice of non-renewal at least 90 days before the end of the Initial Term or the then-current Renewal Term.

13. SUSPENSION

13.1 The Supplier may suspend the Services (other than where suspension would itself endanger life, safety or regulatory obligations) if undisputed Charges remain unpaid 30 days after written notice, giving the Customer at least 10 Business Days' further written notice. Suspension is limited to the minimum scope and duration necessary and the Supplier shall restore Services promptly on payment.

13.2 The Customer may direct immediate suspension of any Service where reasonably necessary to contain a Security Incident or comply with Applicable Law; the Parties shall agree in good faith an equitable charge basis for the suspension period.

14. TERMINATION

14.1 Either Party may terminate this Agreement, or any SOW, by written notice if the other Party commits a Material Breach and fails to remedy it within 30 days of a written notice describing the breach.

14.2 The Customer may terminate this Agreement, in whole or in part, for convenience on 90 days' written notice, paying: all Charges accrued to the Exit Date; and, where the termination falls before the second anniversary of the Effective Date, an early-termination charge equal to 25 percent of the average monthly fixed Charges for the remaining months of the Initial Term (net of costs saved).

14.3 Either Party may terminate with immediate effect if the other becomes insolvent, enters liquidation or administration, has an encumbrancer take possession, or ceases (or threatens to cease) business.

14.4 The Customer may terminate for change of control of the Supplier on 60 days' notice, where the resulting controller is a competitor of the Customer.

14.5 Termination of this Agreement terminates all SOWs unless the Parties agree otherwise; termination of a SOW does not by itself terminate this Agreement.

14.6 Termination is without prejudice to accrued rights. Clauses which by their nature are intended to survive (including 8, 9, 10, 11, 15 and 19 to 22) survive the Exit Date.

15. EXIT AND TRANSITION ASSISTANCE

15.1 Not later than 90 days after the Effective Date, the Supplier shall deliver an Exit Plan covering: the register of Services, systems and credentials in its control; the knowledge-transfer materials to be maintained; data extraction in documented formats; assistance to a successor provider; and a de-provisioning timeline. The Supplier shall keep the Exit Plan current throughout the Term at no additional charge.

15.2 On notice of termination or non-renewal, the Supplier shall perform the Exit Plan, provide transition assistance for up to 6 months at the Rates, and prioritise continuity of Critical Services above all commercial considerations.

15.3 The Supplier shall not, during exit assistance, take any step to lock in the Customer, including refusing reasonable access to documentation, credentials, source configurations or data in undocumented formats.

15.4 All Customer Data shall be returned in the documented formats stated in the Exit Plan, with verified integrity checks; destruction certifications follow within 30 days.

15.5 The obligations in this Clause 15 survive termination howsoever caused, and the Parties agree they are reasonable and necessary protections for the Customer's business.

16. BUSINESS CONTINUITY AND SUBCONTRACTING

16.1 The Supplier shall maintain and test the Business Continuity Plan per Clause 2.5, covering delivery-centre loss, staffing disruption, network failure and pandemic scenarios, with recovery time objectives of 4 hours for Critical Services.

16.2 The Supplier may engage Subcontractors listed in Schedule 5 without consent. New Subcontractors require the Customer's prior written consent, save for staff augmentation through the Supplier's own bench. For each Subcontractor the Supplier remains fully liable, shall flow down obligations equivalent to Clauses 8 and 11, and shall provide the Customer access to audit reports relevant to the Services.

16.3 Where Applicable Law requires regulatory approval of a Subcontractor (including any outsourcing notification to the insurance regulator), the Supplier shall provide information promptly and the arrangement shall not commence until any required approval is obtained.

17. INSURANCE

17.1 The Supplier shall maintain, at its own cost, with insurers of good repute: (a) commercial general liability of not less than Rs. 5 crore per occurrence; (b) professional indemnity (technology errors and omissions) of not less than Rs. 25 crore in the aggregate; (c) cyber liability of not less than Rs. 25 crore including notification costs and regulatory defence; and (d) statutory employee compensation coverage.

17.2 The Supplier shall provide certificates of insurance on execution and on each renewal, and shall give the Customer 30 days' notice of cancellation or material reduction. The insurance requirements do not limit or reduce the Supplier's liabilities under this Agreement.

18. FORCE MAJEURE

18.1 Neither Party is liable for failure or delay caused by a Force Majeure Event, provided the affected Party: notifies the other within 5 Business Days with reasonable detail; uses reasonable endeavours to mitigate; and resumes performance promptly when the event ceases.

18.2 Payment obligations are not excused by a Force Majeure Event except to the extent Services could not be performed; Charges for services not performed are equitably reduced, and the Parties shall cooperate on invoking the Business Continuity Plan.

18.3 If a Force Majeure Event prevents substantial performance for more than 60 consecutive days, either Party may terminate this Agreement on 30 days' written notice, and the Parties shall agree transition assistance per Clause 15.

19. DISPUTE RESOLUTION, GOVERNING LAW

19.1 The Parties shall first attempt to resolve any dispute by escalation per the Escalation Matrix over a period not exceeding 20 Business Days from a Dispute Notice.

19.2 Failing resolution, the dispute shall be referred to arbitration of a sole arbitrator jointly appointed under the Arbitration and Conciliation Act, 1996; the seat and venue is Mumbai; proceedings and the award are in English; the award is final and binding.

19.3 Nothing prevents either Party from seeking urgent interim relief from a court, and each Party irrevocably submits to the courts at Mumbai for that purpose only.

19.4 During any dispute the Supplier shall continue performing the Services undisputed, and the Customer shall continue paying undisputed Charges.

19.5 This Agreement is governed by the laws of India.

20. GENERAL PROVISIONS

20.1 Entire agreement: this Agreement (with its Schedules, Exhibits and executed SOWs) is the entire agreement between the Parties regarding its subject matter and supersedes all prior proposals, discussions and understandings. Each Party acknowledges it has not relied on any representation not expressly set out herein.

20.2 Variations: no variation is effective unless in writing signed by authorised signatories of both Parties (a Change Request under Clause 6 being sufficient).

20.3 Waiver: no failure or delay in exercising a right operates as a waiver; a waiver is effective only if written and only to the extent stated.

20.4 Assignment: neither Party may assign or transfer this Agreement without the other's prior written consent, not to be unreasonably withheld, save that the Supplier may assign to an Affiliate performing substantially the same business, on written notice and an assumption of obligations.

20.5 Severability: if any provision is held invalid or unenforceable, it shall be modified to the minimum extent necessary or, if not possible, severed; the remainder continues in force, and the Parties shall negotiate in good faith a valid replacement with equivalent effect.

20.6 Relationship: the Parties are independent contractors; nothing creates a partnership, joint venture, agency or employment relationship.

20.7 Notices: notices shall be in writing and delivered by hand, registered post, or email with delivery confirmation to the addresses in Schedule 5, and are deemed received on delivery or 2 Business Days after posting.

20.8 Third parties: no person other than the Parties has any right to enforce this Agreement.

20.9 Language and counterparts: this Agreement is in English and may be executed in counterparts, including by PDF signature, each of which is an original.

20.10 Survival and cumulative remedies: rights and remedies under this Agreement are cumulative and in addition to those at law.

IN WITNESS WHEREOF the Parties, by their duly authorised representatives, have executed this Agreement on the date first written above.

SCHEDULE 1 - SERVICE LEVELS AND SERVICE CREDITS

A. Availability and incident response for Critical Services

Metric	Target

Monthly availability (per Critical Service)	99.7% measured over the SLA Measurement Period
P1 response / restore / workaround	15 min / 4 hours / 8 hours
P2 response / resolution	1 hour / 2 Business Days
P3 response / resolution	4 hours / 5 Business Days
P4 response / resolution	1 Business Day / 10 Business Days
Major Outage notification	Within 30 minutes of classification
Service desk first-contact resolution	>= 60% monthly
Ticket reopen rate	<= 4% monthly
Change success rate	>= 97% monthly (no failed change requiring rollback)
Backup success rate	>= 99% of scheduled jobs; restore test monthly
Security patching: critical / high	15 days / 30 days from vendor release
Access review completion	Quarterly, within 10 Business Days of quarter end
Report delivery (monthly pack)	3 Business Days after month end
Root cause analysis delivery (P1)	5 Business Days

B. Service Credits (per SLA Measurement Period, per affected Service)

Attainment band	Credit (% of that Service's monthly fixed charge)
99.5% to < 99.7% availability or <=2 SLA misses	5%
99.0% to < 99.5% availability or 3-5 SLA misses	10%
95.0% to < 99.0% availability	20%
< 95.0% availability or any Major Outage > 8 hours	30%

C. Measurement and reporting: SLA attainment is measured automatically from system and ticketing data; Excluded Downtime is deducted. The monthly report shows attainment, misses, Excluded Downtime and Credits due. Persistent failure is treated under Clause 10.8.

SCHEDULE 2 - RATE CARD AND VOLUME THRESHOLDS

A. Fixed monthly charges (summary)

Workstream	Monthly charge (Rs.)
Application operations - policy suite	18,50,000
Application operations - claims suite	16,20,000
Infrastructure operations (120 VMs, 2 DCs)	12,80,000
Service desk (24x7, tiered)	7,40,000
Security operations (managed)	6,60,000

B. Time-and-materials Rates (Rs. per person-day)

Programme director	95,000	52,000	48,000
Solution architect	82,000	46,000	42,000
Senior engineer (8+ yrs)	68,000	38,000	34,000
Engineer (4-8 yrs)	52,000	29,000	26,000
Analyst (2-4 yrs)	40,000	22,000	20,000
Service desk agent	28,000	16,000	14,000
Project manager	62,000	35,000	32,000
QA automation engineer	50,000	28,000	25,000
Security analyst (L2)	58,000	33,000	30,000
Database administrator	56,000	32,000	29,000
Cloud platform engineer	60,000	34,000	31,000
Technical writer	32,000	18,000	16,000

C. Volume thresholds (beyond which unit rates apply)

Tickets beyond 6,000 per month	Rs. 145 per ticket (P3/P4 weighted average)
Backup storage beyond 80 TB	Rs. 210 per TB per month
Additional monitored instances beyond 120	Rs. 2,400 per instance per month
Test environment refreshes beyond 24 per year	Rs. 85,000 per refresh

SCHEDULE 3 - TRANSITION PLAN, CHANGE PROCEDURE AND BUSINESS CONTINUITY

A. Transition (from incumbent providers) - 16-week plan

Weeks 1-2 Mobilise: joint team stand-up, access provisioning, comms plan.

Weeks 2-4 Discovery: document systems, credentials vault transfer, CMDB baseline.

Weeks 3-6 Knowledge transfer: shadowing, runbook review, incumbents' exit sessions.

Weeks 5-8 Parallel run: Supplier executes with incumbent oversight per workstream.

Weeks 8-12 Cut-over wave 1 (service desk), wave 2 (application ops), wave 3 (infra).

Weeks 12-16 Stabilisation: daily SLA monitoring, hyper-care staffing, exit gate review.

Transition acceptance criteria: 4 consecutive weeks at or above SLA floors; zero P1 unresolved older than 2 Business Days; credential vault reconciled; runbooks signed off by the Customer for every Critical Service.

B. Change management procedure

1. Requester raises a change record with classification and risk assessment.

2. CAB meets weekly (Wednesday) and approves standard/normal changes; emergency CAB convenes within 2 hours for P1-related changes.

3. Approved changes are scheduled in the forward schedule of change; conflicting changes are sequenced by the CAB chair.

4. Post-implementation review within 3 Business Days; failed changes trigger root-cause and are reported in the monthly pack.

C. Business continuity - recovery objectives

Critical Services RTO 4 hours / RPO 15 minutes; DR site: Hyderabad; failover tested annually and after any material architecture change; the BCP owner is the Supplier's information security officer for the account.

SCHEDULE 4 - ESCALATION MATRIX

Level 1: Service delivery manager <-> IT operations lead - within 1 Business Day.

Level 2: Account director <-> Head of IT - within 2 Business Days.

Level 3: Delivery VP <-> Chief Information Officer - within 5 Business Days.

Level 4: Chief executives - within 10 Business Days, then Dispute Notice if unresolved.

SCHEDULE 5 - CONTACTS, SUBCONTRACTORS AND SECURITY MEASURES

Customer contract manager: R. Senthil, GM IT Operations, r.senthil@northgate.example

Supplier contract manager: K. Anand, Account Director, k.anand@meridianits.example

Grievance Officer (Supplier): Ms. Jyoti Menon, grievance.officer@meridianits.example

Approved subcontractors: Meridian Staffing Solutions Pvt Ltd (bench augmentation); SecureWatch Systems LLP (SOC tooling). Any addition requires Clause 16.2 consent.

Minimum security measures: ISO 27001-aligned ISMS; encryption in transit TLS 1.2+ and at rest AES-256; MFA for all privileged access; privileged access management vault; centralised logging 12 months; quarterly vulnerability scans and annual penetration test; secure SDLC with code review; segregation of duties; background verification of Supplier Personnel; data classification handling rules; clean-desk and screen-lock policy; incident response plan aligned to Schedule 1 timelines.

SCHEDULE 6 - SERVICE CATALOGUE, DELIVERY CENTRES AND CUSTOMER RESPONSIBILITIES

In-scope services:

1. Policy administration suite - application support and minor enhancements
2. Claims suite - application support and minor enhancements
3. Distribution portal and partner APIs - support
4. Data centre operations - compute, storage, backup (Mumbai primary, Hyderabad DR)
5. Network operations support (L1/L2), working with the Customer's carrier
6. 24x7 service desk for named applications and infrastructure
7. Security operations - monitoring, vulnerability management, access administration
8. Database administration - performance, patching, high-availability upkeep
9. Reporting and MIS pack production for business stakeholders
10. Test environment management and scheduled refreshes

Delivery centres: Pune (primary), Bengaluru (secondary), Hyderabad (DR only).

Customer responsibilities: timely decisions and approvals; accurate documentation of the Customer Environment at handover; third-party vendor coordination where the Supplier is not the contracted party; named business SMEs per application (at least one per suite); network and identity infrastructure owned by the Customer (links, AD/SSO platform); license procurement for third-party products; and reasonable physical access arrangements for audits and major incident bridging.

Technology stack (for certification requirements): Java 17 microservices on Kubernetes; PostgreSQL 15 and Oracle 19c databases; VMware virtualisation on NetApp storage; Kafka-based integration bus; Azure AD SSO with F5 load balancing; Terraform-managed infrastructure; Dynatrace monitoring; ServiceNow ticketing.

EXHIBIT A - FORM OF STATEMENT OF WORK

SOW No.: _____ Title: _____ Effective: _____

Under the Enterprise IT Outsourcing Agreement dated 1 April 2026.

- 1. Background and objective: _____
- 2. Scope of work (in scope / out of scope): _____
- 3. Deliverables and Acceptance Criteria: _____
- 4. Timeline and milestones: _____
- 5. Charges: fixed _____ / T&M _____ / consumption _____
- 6. Service Levels specific to this SOW: _____
- 7. Dependencies (Customer/Supplier): _____
- 8. Governance: reporting cadence and contacts: _____
- 9. Acceptance procedure and remedies for rejection: _____
- 10. Special terms (if any): _____

For the Customer: name, title, signature, date. For the Supplier: name, title, signature, date. SOWs are executed by the contract managers unless the Parties agree otherwise. An SOW cannot amend this Agreement; conflicts resolve per Clause 1.2.
