

TERM LOAN FACILITY AGREEMENT

Lender: GRANDWAY FINANCE AND LEASING LIMITED

Borrower: ROSHAN FOODS PROCESSING PRIVATE LIMITED

Facility No: GFL/TL/2027/0417

This Term Loan Facility Agreement (the "Agreement") is made on 12 January 2027 between Grandway Finance and Leasing Limited, a non-banking finance company with its registered office at 18B Trade Crest, Bandra Kurla Complex, Mumbai 400051 (the "Lender"), and Roshan Foods Processing Private Limited, a company with its registered office at Plot 32, Food Park, Kazipet, Telangana 506003 (the "Borrower").

WHEREAS the Borrower operates a fruit-pulp and ready-to-cook food processing facility and requires long-tenor finance to expand capacity by a second processing line, a cold store of 4,000 MT and associated utilities (the "Project"); AND WHEREAS the Lender has agreed, on the terms of this Agreement, to make available a term loan facility to finance part of the Project cost.

NOW THIS AGREEMENT WITNESSES as follows:

1. DEFINITIONS AND INTERPRETATION

1.1 In this Agreement:

?Agreement? means this term loan facility agreement, including the Schedules and Annexes.

?Authorised Signatories? means the individuals notified by the Borrower in Schedule E as authorised to operate the Facility Account and sign Utilisation Requests.

?Base Rate? means the Lender's internal reference rate notified from time to time.

?Borrower Default Rate? means the Facility Interest Rate plus 2.5 percent per annum.

?Business Day? means a day on which scheduled banks are open for general business in Mumbai and Hyderabad.

?Conditions Precedent? means the conditions in Clause 5 and Annex B.

?Covenant Period? means the period from the Utilisation Date until the date all Outstanding is repaid.

?Default Interest? means interest at the Borrower Default Rate on overdue amounts.

?Event of Default? means each event listed in Clause 15.

?Facility? means the term loan facility described in Clause 3, up to the Facility Amount.

?Facility Amount? means Rs. 42,50,00,000/- (Rupees forty-two crore fifty lakh only).

?Facility Account? means the loan account opened by the Lender for the Facility.

?Facility Interest Rate? means 7.85 percent per annum over the Base Rate, subject to reset under Clause 8.3.

?Final Repayment Date? means the date falling 84 months after the first Utilisation Date.

?Financial Statements? means the audited consolidated financial statements of the Borrower for each Financial Year.

?First Utilisation Date? means the date of the first valid Utilisation Request.

?Interest Payment Date? means each date on which interest is payable under Clause 8.2.

?Lender's Costs? means all costs, charges and expenses payable under Clause 9.

?Material Adverse Effect? means a material adverse effect on the Borrower's ability to perform its payment obligations under this Agreement.

?Outstanding? means the aggregate principal, interest and all other amounts outstanding and unpaid under this Agreement.

?Prepayment? means any repayment under Clause 10.

?Project? means has the meaning in the recitals.

?Project Cost? means Rs. 58,00,00,000/- as appraised by the Lender's technical consultant.

?Repayment Schedule? means the amortisation table in Schedule A.

?Security? means the security created under Clause 12 and described in Annex C.

?TDS? means tax deductible at source under the Income-tax Act, 1961.

?Term? means the period from the date of this Agreement until the Final Repayment Date.

?Utilisation Date? means each date on which the Lender makes an advance under the Facility.

?Utilisation Request? means a request in the form of Schedule D.

?DSCR? means the ratio of cash accruals plus interest and scheduled principal for the period, as defined in Annex C.

?Total Outside Liabilities? means as defined in Annex C.

?Tangible Net Worth? means as defined in Annex C.

?Grace Period? means the principal moratorium of 18 months from the First Utilisation Date.

?Moratorium? means the Grace Period during which only interest is payable.

1.2 Interpretation: (a) clause and Schedule headings are for convenience; (b) ?including? is without limitation; (c) references to law include amendments and re-enactments; (d) where amounts are in rupees they are Indian rupees; (e) the Schedules and Annexes form part of this Agreement; (f) in case of conflict, this body prevails over Schedules, which prevail over Annexes, save that the Security documents prevail for enforcement matters.

2. AMOUNT AND PURPOSE OF THE FACILITY

2.1 Subject to the Conditions Precedent, the Lender makes available to the Borrower a term loan facility of the Facility Amount to finance up to 73 percent of the Project Cost; the balance is funded by the Borrower from internal accruals and promoter equity of not less than Rs. 15,50,00,000/-, evidenced before the first Utilisation Date.

2.2 The Borrower shall apply all amounts drawn solely towards the Project, against invoices and architect/civil-engineer certificates, in not more than eight (8) tranches during the availability period ending 12 months after the First Utilisation Date.

2.3 The Borrower shall not use the Facility for: working-capital purposes; investment in any other company; repayment of any other borrowing; or any purpose prohibited by law. Diversion or siphoning of funds is an Event of Default.

2.4 The Lender may, at its option and at the Borrower's cost, appoint a technical consultant and a chartered accountant to certify progress and end-use before each disbursement.

3. UTILISATION

3.1 Each Utilisation Request shall be delivered at least 5 Business Days before the proposed Utilisation Date, stating the amount, the Project invoices or certificates against which it is drawn, and confirming that the statements in Clause 3.2 are true.

3.2 Each Utilisation Request is a representation that: the Conditions Precedent remain satisfied; no Event of Default is continuing; the Project remains materially on schedule; and the information supplied is true and complete.

3.3 Undrawn amounts cease to be available after the availability period, and the Facility Amount reduces by each amount drawn.

3.4 Amounts repaid or prepaid may not be re-borrowed.

4. CONDITIONS PRECEDENT

4.1 The Lender's obligation to make the first advance is subject to delivery, in form and substance satisfactory to it, of the documents in Annex B, including: board and shareholder approvals; corporate authorisations; executed Security documents; searches confirming the Security is unencumbered; Project approvals (environmental consent to establish, fire NOC plan approval, FSSAI licence); chartered accountant's certificate of promoter contribution brought in; insurance policies per Clause 13; legal opinion; and the Lender's Costs paid.

4.2 Each subsequent advance is subject to: continued satisfaction of the Conditions Precedent; the consultant's progress certificate; and confirmation that no Default continues.

5. REPRESENTATIONS

5.1 The Borrower represents on each Utilisation Date that: it is validly existing and in good standing; it has power and has obtained all authorisations to execute, deliver and perform this Agreement and the Security; this Agreement and the Security are its legal, valid and binding obligations; the Financial Statements delivered are true and fairly stated; there is no litigation or arbitration that could have a Material Adverse Effect; and all information supplied to the Lender is true and complete in all material respects.

6. GRACE PERIOD AND REPAYMENT

6.1 Principal is repayable in 66 successive monthly instalments after the Grace Period of 18 months from the First Utilisation Date, in the amounts set out in the Repayment Schedule (Schedule A), commencing on the 19th month, and the entire Outstanding on the Final Repayment Date.

6.2 If any instalment is not paid when due, the Lender may, without prejudice to its other rights, levy Default Interest under Clause 8.5 and treat the default under Clause 15.

6.3 Payments are applied in the order: (i) costs and expenses of enforcement; (ii) Default Interest; (iii) ordinary interest; (iv) principal; unless the Lender directs otherwise at the time of receipt where law permits.

6.4 All payments shall be made to the Facility Account in cleared funds by 11 a.m. on the due date, without set-off or counterclaim; where a due date falls on a non-Business Day, payment is due the next Business Day with interest for the intervening days.

7. TAXES AND WITHHOLDING

7.1 All payments are free of deductions, save TDS which the Borrower shall deduct, pay to the authority within statutory time and provide certificates within 15 days of deduction. GST (if applicable to any fee) is payable in addition.

7.2 If the law requires a gross-up, the sums payable are increased so the Lender receives the amounts it would have received absent the deduction, to the extent permitted by law.

8. INTEREST, RESET AND DEFAULT INTEREST

8.1 Interest accrues on the Outstanding from the date of each advance at the Facility Interest Rate, computed on actual days and a 365-day year (366 in a leap year), from and including the Utilisation Date to but excluding the date of payment.

8.2 Interest is payable monthly on the 7th day of each month for the preceding month (each an "Interest Payment Date"), and on any payment of principal on the amount so paid.

8.3 The Facility Interest Rate resets quarterly to the Base Rate prevailing plus the spread of 7.85 percent; the Lender notifies each reset within 3 Business Days with the computation sheet.

8.4 The spread of 7.85 percent is fixed for the Term; the Borrower may request a step-down of 25 basis points on prepayment that reduces the Outstanding below Rs. 21 crore, effective the following month.

8.5 Default Interest at the Borrower Default Rate accrues on any amount not paid when due, from the due date until actual payment (both before and after any award), and compounds monthly; Default Interest does not extend to amounts disputed in good faith under Clause 20 while the dispute is pending.

8.6 Interest for the Moratorium is paid monthly out of the Borrower's own funds; capitalisation of interest (funding of interest) is not permitted under this Facility.

9. FEES AND EXPENSES

9.1 Processing fee: 0.85 percent of the Facility Amount, non-refundable, paid on signing.

9.2 Commitment charge: 0.40 percent per annum on the undrawn Facility Amount, payable monthly during the availability period.

9.3 Documentation and security-creation charges (stamp duty, registration, CERSAI filing, valuations, searches, technical and legal consultant fees) are to the Borrower's account, with an initial deposit of Rs. 25,00,000/- and reconciliation monthly.

9.4 Late payment charges for cheque/ECS returns: Rs. 750 per instance plus applicable taxes.

10. PREPAYMENT AND REDUCTION

10.1 Voluntary prepayment of any amount may be made on 15 days' notice, in multiples of Rs. 5,00,000/-, together with: nil prepayment premium after 24 EMIs are paid; and 2 percent of the prepaid amount before that.

10.2 Mandatory prepayment: the Borrower shall prepay, within 30 days of receipt: (a) 50 percent of net proceeds of any disposal of fixed assets relating to the Project other than replacement in the ordinary course; (b) the net proceeds of any insurance claim relating to the Project assets (applied to reinstatement first, with the Lender's consent); and (c) any amount required to cure a financial-covenant breach that remains uncured at the end of the applicable cure period.

10.3 Prepaid amounts reduce the Repayment Schedule in direct order unless the Borrower elects, with the Lender's consent, to reduce the tenor instead.

11. AFFIRMATIVE AND NEGATIVE COVENANTS

11.1 The Borrower shall, during the Covenant Period:

- (a) maintain the Project in good working order and keep assets insured per Clause 13;
- (b) furnish to the Lender: monthly operating and financial information within 30 days of month end; quarterly provisional results within 45 days; audited Financial Statements within 180 days of Financial Year end; stock and book-debt statements quarterly; and project-progress reports monthly during implementation;
- (c) notify the Lender within 7 days of: any litigation, arbitration or regulatory action with a claim value above Rs. 2 crore; any Event of Default; any change in promoters, key managerial personnel or shareholding above 10 percent; and any new borrowing above Rs. 1 crore;
- (d) pay all taxes and statutory dues before they become overdue;
- (e) permit the Lender and its nominees to inspect the Project, assets, books and records at any reasonable time on 3 Business Days' notice;
- (f) maintain its existence, and comply with all Applicable Law material to its business.

11.2 The Borrower shall not, without the Lender's prior written consent:

- (a) create or permit any encumbrance over its assets, save the Security and statutory liens arising in ordinary course not exceeding Rs. 50 lakh in aggregate;
- (b) undertake any merger, demerger, reconstruction or change of business;
- (c) lend, invest or guarantee any amount above Rs. 25 lakh outside the Project;
- (d) declare dividends while any Event of Default continues or where the financial covenants are breached (cured within the period permitted);
- (e) alter its accounting year or accounting policies materially;

(f) sell, transfer or otherwise dispose of Project assets, save worn-out assets replaced in ordinary course.

12. FINANCIAL COVENANTS

12.1 The Borrower shall maintain, tested annually on audited Financial Statements:

- (a) Total Outside Liabilities to Tangible Net Worth $\leq 3.00:1.00$ at all times during the Covenant Period;
- (b) Debt-Service Coverage Ratio (DSCR) $\geq 1.35:1.00$ on an annual basis from Financial Year ending March 2028;
- (c) Minimum Tangible Net Worth of Rs. 22,00,00,000/- at all times, increasing by not less than 25 percent of each year's profits after tax;
- (d) Current Ratio $\geq 1.10:1.00$ from FY 2027-28.

12.2 A breach of Clause 12.1(b) or 12.1(c) is not an Event of Default for one testing date per financial year, provided: the breach does not exceed 10 percent of the required ratio; and the Borrower cures within two consecutive quarters or prepays under Clause 10.2(c). No such cure applies to Clause 12.1(a) or 12.1(d) more than once in the Term.

12.3 Compliance certificates signed by the chief financial officer and a chartered accountant accompany each set of Financial Statements.

13. INSURANCE

13.1 The Borrower shall insure all Project and charged assets for their full reinstatement value against fire, earthquake, flood and allied perils, machinery breakdown and business interruption (12 months' gross profit), with insurers of repute, naming the Lender as mortgagee/loss payee, from before the first Utilisation Date throughout the Covenant Period.

13.2 Premiums are paid before due dates, with renewals evidenced 15 days before expiry; the Lender may insure and recover premium where cover lapses. Insurance proceeds are applied per Clause 10.2(b).

14. SECURITY

14.1 As continuing security for the Outstanding, the Borrower creates in favour of the Lender:

- (a) a first charge by way of hypothecation over all moveable fixed assets of the Project (plant, machinery, equipment, spares);
- (b) an equitable mortgage of the Project land and buildings at Kazipet measuring 4.8 acres (Survey Nos. 112/2, 113), valued at Rs. 61,00,00,000/- by the Lender's empanelled valuer;
- (c) a charge over receivables of Rs. 8 crore book value and over the Facility Account;
- (d) personal guarantees of Mr. Roshanlal Agarwal and Mrs. Sudha Agarwal, and a corporate guarantee of Agarwal Retail Ventures Private Limited, each in the Lender's form.

14.2 The Security is created, perfected and registered (including CERSAI filing) as described in Annex C; further or substitute security of equal rank is provided for any asset released, and the Lender's consent is required for any release.

14.3 The guarantees are continuing and independent obligations; the Lender may enforce without first proceeding against the Borrower, to the extent permitted by law.

15. EVENTS OF DEFAULT

15.1 Each of the following is an Event of Default:

- (a) non-payment: any amount due is unpaid by the 7th day after written notice; interest is unpaid for 30 days; the Repayment Schedule default thresholds in 15.1(b) apply where three or more instalments are in arrear;
- (b) misrepresentation: any representation or information is or becomes materially incorrect;
- (c) covenant breach: any covenant in Clauses 11 or 12 is breached (as subject to the cure provisions);
- (d) cross-default: any other borrowing of the Borrower above Rs. 2 crore is accelerated, or any payment default on it continues beyond any applicable grace;

(e) insolvency: the Borrower or a guarantor becomes insolvent, or proceedings are commenced (including under the Insolvency and Bankruptcy Code, 2016) and are not dismissed within 60 days;

(f) enforcement: any Security becomes enforceable, or any attachment or distress is made on charged assets and is not discharged within 30 days;

(g) cessation of business: the Borrower suspends or threatens to suspend its business, or disposal of a substantial part of its assets other than in ordinary course;

(h) unlawfulness: it is unlawful for the Lender to perform any of its obligations, or any authorisation required is revoked;

(i) Material Adverse Effect: any event occurs that has, or could reasonably be expected to have, a Material Adverse Effect;

(j) diversion: misuse of the Facility contrary to Clause 2.3.

15.2 On an Event of Default the Lender may, by notice: cancel the undrawn Facility; declare the Outstanding immediately due and payable (whereupon it becomes immediately due); enforce the Security; appoint a receiver or administrator over charged assets; and exercise any other right at law or under this Agreement.

16. CONDUCT OF THE ACCOUNT

16.1 The Borrower shall route a minimum of 60 percent of its gross receipts through the collection account maintained with the Lender (escrow of receivables per Annex C), and shall not create any charge over that account.

16.2 Cash flows retained in excess of debt service shall first be applied to Project completion shortfalls, if any.

17. COMPUTATIONS AND CERTIFICATES

17.1 Accounting terms follow Indian Accounting Standards as applicable; financial covenants are computed on a consolidated basis where the Borrower has subsidiaries, in each case adjusted for one-off items disclosed to and agreed by the Lender.

17.2 Where the Lender and the Borrower disagree on a computation, the certificate of a jointly appointed chartered accountant (cost shared equally) governs, absent manifest error.

18. ASSIGNMENTS AND PART-INVESTMENTS

18.1 The Lender may assign or transfer all or part of the Facility and the Security to any bank, financial institution or fund on written notice to the Borrower; the Borrower's consents under this Clause are deemed given where the transferee assumes the Lender's obligations.

18.2 The Borrower shall not assign any of its rights or obligations.

18.3 The Lender may, with the Borrower's consent (not to be unreasonably withheld), invite banks to part-finance the Facility on identical terms, and may appoint an agent bank for documentation.

19. NOTICES

19.1 Notices are in writing in English, delivered by hand against acknowledgment, by registered post, or by email with delivery confirmation, to the addresses in Schedule E, and are effective on delivery (or 3 Business Days after posting; on the Business Day the email is confirmed where within business hours).

19.2 A Party may change its notice address by 10 Business Days' notice.

20. SET-OFF, DISPUTES AND WAIVER

20.1 The Lender may, to the extent permitted by law and after giving notice, set off amounts standing to the Borrower's credit in any account with the Lender against the Outstanding, save amounts disputed in good faith with reasonable grounds.

20.2 Disputes are first referred to senior representatives of both Parties for amicable resolution within 21 days; failing resolution, disputes are referred to a sole arbitrator under the Arbitration and Conciliation Act, 1996; seat: Mumbai; language: English; subject to which, courts at Mumbai alone have exclusive jurisdiction, and this Agreement is governed by Indian law.

20.3 No failure or delay in exercising any right is a waiver; waivers must be written. The Lender's acquiescence in any breach is not a course-of-dealing varying this Agreement.

21. GENERAL

21.1 Amendments require written signature by both Parties save for ministerial corrections and the interest reset under Clause 8.3.

21.2 If any provision is held invalid, the remainder continues; the Parties shall substitute a valid provision closest to the intent.

21.3 This Agreement (with Schedules and Annexes) is the entire agreement on its subject matter and supersedes prior term sheets and indicative letters, save that the sanctions and anti-bribery undertakings in the executed term sheet survive.

21.4 The Borrower undertakes compliance with anti-bribery and applicable sanctions law and shall not use the Facility for any prohibited purpose.

21.5 Costs: each Party bears its own costs except the Lender's Costs which are for the Borrower per Clause 9.3.

21.6 This Agreement is executed in two counterparts, both together constituting one instrument.

IN WITNESS WHEREOF the Parties have executed this Agreement on the date first written above.

For GRANDWAY FINANCE AND LEASING LIMITED For ROSHAN FOODS PROCESSING PRIVATE LIMITED

5A. ADDITIONAL REPRESENTATIONS

5A.1 Solvency and pari passu: the Borrower is solvent and is paying (or has compiled with arrangements for paying) its debts as they fall due; its assets are not subject to any order of attachment or execution save as disclosed; and its obligations under this Agreement rank at least pari passu with all its present and future unsecured and secured obligations, save those mandatorily preferred by law.

5A.2 No proceedings: no litigation, arbitration, administrative proceeding or investigation is pending or, to the Borrower's knowledge, threatened against it or any of its charged assets which could have a Material Adverse Effect.

5A.3 No default: no Event of Default, and no event which with notice or lapse of time would constitute an Event of Default, has occurred and is continuing.

5A.4 Ownership of assets: the Borrower is the unencumbered legal and beneficial owner of all charged assets, has good title to the Project land, and the execution of the Security does not breach any other agreement binding on it.

5A.5 Approvals: all consents, licences, approvals and registrations required for the Project and its business have been obtained and remain in full force, and no condition of any of them has been breached.

5A.6 Sanctions and anti-bribery: neither the Borrower, nor any promoter, director, or to its knowledge any agent acting for it, is a sanctioned person, and no Facility amount will be used in contravention of applicable sanctions or anti-bribery law.

5B. GUARANTEES

5B.1 The personal guarantees and the corporate guarantee described in Clause 14.1(d) are continuing, independent and irrevocable obligations covering the entire Outstanding, present and future, and remain in force until all Obligations are discharged in full and the Lender releases them in writing.

5B.2 Each guarantor waives (to the extent permitted by law): any right to require the Lender to proceed first against the Borrower or the Security; any defence of set-off available to the Borrower; notice of default and of enforcement; and any benefit of marshalling of assets.

5B.3 If any guarantee obligation would be reduced, limited or rendered unenforceable as a preference or fraudulent conveyance under applicable law, it shall be reduced only to the minimum extent necessary, and the guarantor shall contribute the maximum recoverable share for the balance.

5B.4 The Lender may vary the terms of this Agreement, or grant time or other indulgence to the Borrower, or take or omit to take enforcement steps, without notice to or consent from any guarantor, and the guarantees remain in full force.

5C. ILLUSTRATIVE FIRST-YEAR PAYMENT PROFILE (single drawdown on 1 April 2027)

The table below illustrates the cash-flow mechanics of Clause 8 for the first twelve months of the Moratorium, at the all-in rate of 14.35 percent on the full Facility Amount. During the Moratorium only interest is payable; the operative schedule recomputes for staggered drawdowns.

Month	Opening Rs.	Interest Rs.	Principal Rs.	Closing Rs.
1	425000000	5082292	0	425000000

2	425000000	5082292	0	425000000
3	425000000	5082292	0	425000000
4	425000000	5082292	0	425000000
5	425000000	5082292	0	425000000
6	425000000	5082292	0	425000000
7	425000000	5082292	0	425000000
8	425000000	5082292	0	425000000
9	425000000	5082292	0	425000000
10	425000000	5082292	0	425000000
11	425000000	5082292	0	425000000
12	425000000	5082292	0	425000000

Where drawdowns occur in tranches, interest for each month is computed on the daily product of amounts actually outstanding; the Lender's system statement is the prima facie record, subject to Clause 17.2 reconciliation.

5D. LENDER'S ENFORCEMENT PROCEDURE (STAIR-STEP)

5D.1 This Clause 5D governs the sequence of the Lender's actions on a continuing Event of Default, without prejudice to any right to act immediately where the security or recoveries are in jeopardy:

Step 1 (Day 0-7): written default notice per Clause 15.1(a); demand on the Borrower with a cure window; intimation to the guarantors.

Step 2 (Day 7-30): escalation meeting; penal interest accrues; the collection-account waterfall locks to debt service only; the Lender may appoint a monitoring agency at the Borrower's cost.

Step 3 (Day 30-60): cancellation of undrawn commitments; declaration of acceleration; invocation of personal and corporate guarantees by demand; SARFAESI Section 13(2) demand notice on secured assets where applicable.

Step 4 (Day 60 onward): possession of secured assets by physical or symbolic possession; appointment of an approved receiver; publication of the sale notice under SARFAESI rules; application of sale proceeds per Clause 6.3.

5D.2 Nothing in this Clause 5D obliges the Lender to follow any particular sequence where statute prescribes a different process (including proceedings before the NCLT under the Insolvency and Bankruptcy Code, 2016), and the Lender may pursue parallel remedies to the extent permitted by law.

5D.3 The Lender shall credit sale or enforcement proceeds to the Facility Account within 2 Business Days of receipt and furnish a consolidated statement of account within 15 days of full recovery or settlement.

5E. EXCLUSION OF LENDER'S LIABILITY; INDEPENDENT APPRAISAL

5E.1 The Lender has relied solely on the Borrower's representations and the technical and legal reports commissioned by it in deciding to make the Facility available. The Lender is not the Project's designer, supervisor or guarantor of outcome; its appraisal does not constitute a warranty of the Project's viability.

5E.2 The Lender's technical consultant acts for the Lender alone; his certificates are conditions of disbursement, not professional advice to the Borrower, and the Borrower remains solely responsible for design adequacy, construction quality and statutory compliance of the Project.

5E.3 Where the Lender appoints any nominee, receiver or agent, it shall act reasonably and in accordance with its statutory duties; the Lender is liable to the Borrower only for its own fraud or wilful misconduct.

5F. FURTHER DEFINITIONS

?Collection Account? means account no. 50100XXXX882 with the Lender over which the escrow charge per Annex C is created.

?Cure Period? means, for financial covenant breaches, the period under Clause 12.2, and for all other covenants 30 days from written notice.

?Escrow Charge? means the charge over the Collection Account and all monetary rights thereunder in favour of the Lender.

?Guarantors? means the personal guarantors and the corporate guarantor named in Clause 14.1(d).

?Monitoring Agency? means an independent engineer or firm appointed under Clause 5D.2 to report on Project progress and end-use of funds.

?Obligations? means all obligations of the Borrower to the Lender under this Agreement and the Security documents, present or future, primary or collateral, joint or several.

?Permitted Encumbrance? means any encumbrance arising by operation of law in the ordinary course and not exceeding Rs. 50 lakh in aggregate, and the Security.

?SARFAESI? means the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002, together with its rules.

5G. INTEGRITY UNDERTAKINGS AND RECORD KEEPING

5G.1 The Borrower shall maintain for 8 years complete records of the Project, including all invoices, contractors' bills, measurement books, bank statements of the Collection Account and end-use certificates, and make them available to the Lender and to any statutory auditor.

5G.2 The Borrower confirms that neither it, nor its promoters, have been blacklisted by any bank, financial institution or government body, and shall notify the Lender within 5 Business Days if that changes.

5G.3 The Borrower shall prominently display at the Project site the sanctioned plans, environmental consent and labour-law registrations, and comply with the applicable factories and labour welfare statutes.

SCHEDULE A - REPAYMENT SCHEDULE (illustrative amortisation; assumes single first utilisation on 1 April 2027 at an all-in rate of 14.35 percent p.a.)

Instalment	Month	Principal Rs.	Interest Rs.	Total Rs.	Balance Rs.
