

VYAPAAR APP PRIVACY POLICY

Last updated: 5 August 2026. Applies to the Vyapaar invoicing app and vyapaar.example website operated by Vyapaar Digital Systems Pvt Ltd, Ahmedabad ("we", "us").

1. WHAT WE COLLECT. Account data (name, business name, email, phone, GSTIN where you add it); invoice data you create (customer details, items, amounts); device data (model, OS, app version, crash logs); and usage events (screens opened, features used). We do not collect contact lists, precise location, or biometric data. Payment card numbers are handled only by our PCI-DSS certified payment partner and never reach our servers.

2. WHY WE PROCESS IT. To create and sync your invoices across devices (contract performance); to send invoice reminders you schedule (your instructions); to detect fraud and keep accounts secure (legitimate interests); to provide support you request; and to send service notices. We send marketing emails only with your consent, and every such email has an unsubscribe link.

3. WHAT WE SHARE. Hosting on AWS Mumbai region; transactional email via PostGrid; payments via Razorpay; analytics via self-hosted Plausible. We sell no personal data and run no third-party ad trackers. We disclose data only to these processors under written contracts, or where law compels us (e.g., valid order under the IT Act, 2000), with notice to you unless prohibited.

4. RETENTION. Account and invoice data are kept while your account is active and for 8 years after deletion, as books of account under Section 34 of the Income-tax Act; backups roll off within 35 days; crash logs are deleted after 90 days.

5. YOUR RIGHTS. Access, correction, deletion (subject to statutory retention), data portability in CSV/JSON, and objection to marketing, by writing to privacy@vyapaar.example or in-app. We respond within 30 days. You may also complain to the Data Protection Board of India once operational, or to the grievance officer: Mr. Sameer Pandya, grievance@vyapaar.example, +91 79 4000 2200 (10 a.m. to 6 p.m., weekdays).

6. SECURITY. AES-256 encryption at rest, TLS 1.3 in transit, least-privilege access with quarterly reviews, annual third-party penetration test (summary available on request), and role-based logging of data access.

7. CHILDREN. The app is for business users and is not directed at anyone under 18.

8. CHANGES. Material changes are notified in-app 14 days before they take effect, and the "Last updated" date above changes.

9. INTERNATIONAL USERS. Data is stored in India. If you use the app from the EEA/UK, we rely on standard contractual clauses for any onward transfer, and you may additionally have rights under GDPR/UK GDPR which we honour on request.
